Hand Finishing Systems

Choosing the right Hand Pad for your application, made easy with Scotch-Brite™ non-woven material.

Scotch-Brite™

www.3M.com.au/Scotch-BriteHandSanding

Less aggressive finer finish

Scotch-Brite™ Light Cleaning Super Fine – 7445

- Very mild abrasive provides gentle yet thorough cleaning.
- Conformable web and fine mineral are excellent for fine finishes.
- Ideal for gentle cleaning on vinyl, porcelain and other delicate surfaces.
- **For a HACCP endorsed product, order the 449 Hand Pad.**

Scotch-Brite™ Ultra Fine – 7448

- Ultra fine consistent finishes on metals, woods, plastics and composites.
- Pad conforms to irregular surfaces and gets into corners without losing performance.
- Cleans metal, composites, and other materials without altering the base material.
- For final scuffing of primer surfaces.
- Roll can be cut to desired length for hand sanding or oscillating sanders.

Scotch-Brite™ Multi Flex Ultra Fine – 7522

- Highly conformable abrasive with silicon carbide mineral for exceptional finishes on wood and metal.
- Will not rust like steel wool.
- Perforated for easy tearing

Mineral	Aluminium Silicate	Silicon Carbide	Silicon Carbide
Finish	Steel wool grade 0000	Steel wool grade 00	Steel wool grade 00
Grade	1200 - Finer	600-1000	600-1000
Colour	White	Light Grey	Grey
Format	Hand Pad	Hand Pad & Clean & Finish Roll	Roll

There's a Scotch-Brite™
Hand Pad for every
application.

**Scotch-Brite™ Durable Flex
Ultra Fine – 64660**

- Clean, blend and finish where conformability is needed.
- Prep primer for top coat
- For blending and finishing
- Less time to scuff

**Scotch-Brite™ Multi Flex
Very Fine – 7521**

- Highly conformable abrasive with high cut for paint preparation and wood finishes without dumping edges.
- Will not rust like steel wool.
- Perforated for easy tearing

**Scotch-Brite™ General Purpose
Very Fine – 7447**

- Worldwide standard for surface conditioning.
- Clean, blend, finish and deburr faster, easier, and with better results than conventional abrasives.
- For scuffing before applying primer.
- Roll can be cut to desired length for hand sanding or oscillating sanders.

**Scotch-Brite™ General Purpose
Aqua 96**

- Medium duty, use it for everyday cleaning of most cooking utensils and equipment.
- Not recommended for use on polished or easy to scratch surfaces.
- It replaces steel wool and metal sponges.
- Non-rusting and resilient

Mineral	Silicon Carbide	Aluminium Oxide	Aluminium Oxide	Fiber, Resin
Finish	Steel wool grade 00	Steel wool grade 0	Steel wool grade 1	-
Grade	600-1000	320-400	320-400	-
Colour	Grey	Dark Maroon	Maroon	Green
Format	Hand Pad	Roll	Hand Pad & Clean & Finish Roll	Roll

Our Scotch-Brite™ Hand Pads and Roll's have a durable web construction that gives you a fast, consistent scuff for everyday surface preparation. Combining flexibility with effective cutting action and precise hand control to accomplish tough cleaning jobs or produce fine finishing results, use after use.

- Superior alternative to steel wool, wire brushes, sandpaper and other nonwoven products for cleaning or finishing tasks
- Suitable for use on a variety of substrates including metals, plastics, wood, ceramics, porcelain, glass, rubber or composites
- Reusable pads resist tearing, splintering, shredding, loading and will never rust, providing a long life
- Can be folded, stacked or rolled for effective cleaning or conditioning on flat, irregular or contoured surfaces

More aggressive coarser finish

Scotch-Brite™ Durable Flex Very Fine – 64659

- Clean, blend and finish where conformability is needed.
- Prep primer for top coat
- For blending and finishing

Scotch-Brite™ Production Very Fine – 8447

- High cut for paint prep, blending, and scuffing.
- Long life performance on aluminium, stainless steel, plastics, wood and fiberglass.
- Perforated pads allows for each pad to be torn in half.

Scotch-Brite™ Blending Medium – 7446

- Specially designed for hand blending and finishing stainless steel.
- Mineral coarseness blends surface scratches on many metals, wood and synthetic surfaces.

Scotch-Brite™ Heavy Duty Medium – 7440

- Most durable and aggressive pad for quick stock removal.
- Cuts fast to remove contaminants and oxides in demanding cleaning and finishing applications.
- Touch up work on brushed stainless steel and aluminium or matt finishing on metals, plastic timber and lacquers.
- Can be used wet or dry, will not rust or clog.

Accessories

Insta-Lok™ Hand Block

Grips Scotch-Brite™ Hand Pads or Roll material cut to 100mm x 150mm. Converts hand pads into a cleaning & finishing tool. Users can apply even pressure without finger marks for accurate straight lines.

3M™ Mandrel

Use with 25mm x 38mm pieces of Scotch-Brite™ material to fit into those hard to reach areas.

► Non-woven technology

Our Scotch-Brite™ non-woven web binds together synthetic (nylon) fibres and abrasive particles to create a three-dimensional material. This web has a spring-like action allowing conformance to contours, edges and corners. What's more, our non-woven web is engineered to continually expose fresh abrasive to the work surface.

The uniform mineral gives consistent performance throughout its life and improves the quality of your work piece. As a result it will provide a consistent, smooth finish to various surface types and not alter the geometry of the workpiece.

The web is free from metal residues and will not contaminate the workpiece surface. It also resists chemical attacks providing a longer life. The open weave of the web provides ventilation which dissipates heat so avoids burning, warping, discolouring and reduces loading (clogging).
